

BizBroadband

TelstraClear BizBroadband is a premium internet service that provides fast, reliable internet access. Because it's built on one of the largest New Zealand networks, we can provide greater capacity, so you can be assured of better service quality and reliability.

Finding the perfect broadband plan for your business has never been easier. Our four simple broadband plans cater for a range of speed, usage and pricing requirements that can suit any business. Available to customers on a 12 month minimum term who have their phone line and calling with TelstraClear. Check out our simple plans below.

Product Benefits

- Reliable service
- One easy to understand bill
- Available over any access technology
- Additional Features include WebMail, Spam and Virus email protection and 24/7 helpdesk support

How these plans work:

1. Choose from BizBroadband Simple or Swift.
2. Choose a data size - from 1G or 5G for BizBroadband Simple and 1G, 5G, 10G or 20G for BizBroadband Swift for the billing period.
3. Each time you completely use your chosen usage pack within the same billing period, we automatically allocate you another of the same size, charged at the same price to ensure there is no costly overage or bill shock.
